Ogden Resource Center

The mission of the ORC is to support and advocate for the educational needs of students who are blind or visually impaired in the state of Washington. Services are available to public and private (non-parochial) schools and agencies providing educational programs of less than college level for students who are blind or visually impaired. Every district, agency or school must be registered with us as Account Holder to receive services for their students.

Manage Students

Registration Expiration

It is imperative that we keep Student Registration records current and accurate! If your student's name appears in Red, please Edit or Delete the student record.

Why?
An annual registration of eligible students determines a per capita amount of money designated for the purchase of educational materials produced by the American Printing House for the Blind (APH). These funds are credited to the Federal Quota accounts which are maintained and administered by APH and the Washington Ogden Resource Center. In turn we can maintain and distribute materials to ALL visually impaired children in the state of Washington.

Select a student to edit or create a new student.
